

### **CeBIT Innovation in Hall 4, Booth E04 and Hall 19**

**SAP Consulting House itelligence provides dynamics in the midmarket**

### **it.compact solutions from itelligence not only make start-ups successful**

Bielefeld, March 2, 2010 – itelligence AG reports five successful production starts for the beginning of the year with its it.compact solutions from the Midmarket Compact business area. In addition to the start-up companies MG Sterile Products and IT.FLAT.de®, other companies such as Hyflexar Logistics GmbH and WIMA Spezialvertrieb elektronischer Bauelemente GmbH & CO.KG are also profiting by working with the midmarket solutions based on SAP Business All-in-One.

Heinrich Motyka, CEO of Hyflexar Logistics GmbH, describes his experience with the selection process: "The consultants of itelligence AG and the it.compact manufacturing solution were simply the perfect match. From the initial meeting up to the present productive use, the good feeling was always confirmed and further strengthened. Eight locations successfully went live at the same time."

Midmarket companies with sales of up to EUR 30 million choose the it.compact program from itelligence with its variants it.compact automotive, it.compact CRM, it.compact hightronics, it.compact manufacturing, it.compact metal, it.compact plastics and it.compact service particularly frequently.

Wolfgang Kröner, responsible for the Midmarket Compact business area at itelligence, explains in concrete terms: "Customers who are searching for secure, ready-made solutions for use in the central corporate divisions decide on it.compact. Here, the industries and sub-industries are already configured down to the individual functions such as in it.compact service, it.compact hightronics or it.compact manufacturing, to name but a few. These default settings work like a turbocharger for these companies. The full performance potential from SAP along with the specifics of the respective industry shorten the project time and reduce costs."

## **Visit itelligence at CeBIT:**

**Hall 4, booth E04 (main booth of itelligence AG)**

**Hall 5, A04, at the SAP Business Partner "Mittelstand" ("Midmarket") booth**

**Hall 19 at the "SAP World Tour" booth**

itelligence is one of the leading international full-service providers of solutions in support of SAP solutions, employing about 1,500 highly qualified employees in 17 countries and in five regions (America, Asia, Western Europe, Eastern Europe and Germany/Austria). As a frequently awarded SAP partner itelligence realizes complex projects in the SAP solution-based environment for over 3,000 customers worldwide. In 2006, itelligence obtained gold-level status as an SAP channel partner as part of the SAP PartnerEdge™ program in Germany, and in the U.S. in 2007. The company's services in support of SAP solutions range from consulting and licensing to outsourcing and services to proprietary industry-specific SAP. In 2009, itelligence generated total sales of EUR 220 million (preliminary figures for the 2009 financial year).
