

Lars Janitz new Director Central and Eastern Europe of itelligence AG

Bielefeld, August 30, 2011 – Lars Janitz, itelligence AG, has been appointed new Director Central and Eastern Europe of itelligence AG. Lars Janitz, 44, looks back on many years of experience in the IT and consulting industry including 18 years with SAP AG, where his last role was as Global Vice President for Application Management. During this time he developed a strong international network including many connections to Eastern Europe.

Lars Janitz takes over his new position from Tomáš Matějovský, who has worked with itelligence for more than two years in developing and extending itelligence's operations in this growing and challenging market environment. itelligence AG would like to take this opportunity to expressly thank Tomáš Matějovský for the good cooperation in a spirit of mutual trust and for what he has achieved for the company.

Lars Janitz: "I look forward to expanding our business in a particularly dynamic and exciting market together with my colleagues in the corresponding countries. It is our aim to support our customers in Eastern European countries in converting the technological progress and the functionalities of the SAP software into tangible business value even better. By leveraging the synergies between that new position and my global responsibility for Application Management Services within itelligence, I see a great opportunity to efficiently and comprehensively support our customers along the entire software lifecycle from the product decision until the operation phase."

Lars Janitz joined itelligence AG in May 2011 as Global Vice President for Application Management. He will exercise this position in addition to his new role as Director Central and Eastern Europe. He reports directly to the itelligence Board.

itelligence is one of the leading international full-service providers of solutions in support of SAP solutions, employing more than 2,100 highly qualified employees in 20 countries and in five regions (America, Asia, Western Europe, Eastern Europe and Germany/Austria). As a frequently awarded SAP partner, among others global value-added reseller, itelligence realizes complex projects in the SAP solution-based environment for over 4,000 customers worldwide. The company's services in support of SAP solutions range from consulting and licensing to outsourcing and services to proprietary industry-specific SAP. In 2010, itelligence generated total sales of EUR 272.2 million. In July 2010, itelligence was awarded the "TOP CONSULTANT" quality seal.
