

### **itelligence Integrates MS Office and MS Exchange into SAP Business ByDesign Stolzenberg Opts for SAP Business ByDesign Gold Partner itelligence**

Bielefeld, November 3, 2011 – Georgsmarienhütte-based sweeper specialist Stolzenberg insists on quality and state-of-the-art equipment for its customers and IT equipment. The long-established company has now chosen Bielefeld-based SAP Gold Partner for Business ByDesign itelligence AG for its implementation of SAP Business ByDesign.

Kai Stolzenberg, managing partner of Stolzenberg: “Good service and top quality are key requirements for our sweepers. We also applied these principles when looking for a partner to implement SAP, and itelligence fits the bill perfectly. A fast transition to the new company software with all the vital functions is a major investment in the future for us, and we know it is in good hands with itelligence and SAP Business ByDesign.”

In addition to full linking of all business areas from accounting through controlling, purchasing and sales to production/assembly and warehousing, employees also benefit from sophisticated customer and supplier management with CRM, SCM and SRM functions.

One special feature here is the integration of MS Office and MS Exchange into SAP Business ByDesign. The expertise of the itelligence specialists means that the Microsoft functions and interfaces can be integrated into the SAP solution. For instance, isolated solutions are replaced and consistent processes are created. The combination of fast implementation with high levels of quality and transparency is breaking new ground in the SME sector. The project was started in October, and Stolzenberg expects it to go live in January 2012.

Wolfgang Kröner, Manager of SAP Business ByDesign at itelligence: “We are delighted about the partnership with Stolzenberg, an SME enjoying its fourth generation of success. In this project, we will be going live with all areas of the on-demand business suite simultaneously, including the production areas and the linkup of MS Office and MS Exchange. For Stolzenberg, the outcome will be comprehensive company software that can even handle customer relationship management and supply management. This is a forward-looking project.”

itelligence Integrates MS Office and MS Exchange into SAP Business ByDesign

Stolzenberg GmbH & Co. KG Opts for SAP Business ByDesign Gold Partner itelligence

#### About Stolzenberg

Stolzenberg GmbH & Co. KG supplies and produces high-quality sweepers. The Georgsmarienhütte-based SME has a proud history of service orientation and customized solutions stretching back over four generations and more than 100 years. Stolzenberg's patented sweeping principle, the tandem roller system (TRS), ensures outstanding sweeping performance, and is now used by industrial companies throughout the world.

itelligence is one of the leading international full-service providers of solutions in support of SAP solutions, employing more than 2,100 highly qualified employees in 20 countries and in five regions (America, Asia, Western Europe, Eastern Europe and Germany/Austria/Switzerland). As a frequently awarded SAP partner, among others global value-added reseller, SAP Certified in Cloud Services and SAP Gold Partner Business ByDesign, itelligence realizes complex projects in the SAP solution-based environment for over 4,000 customers worldwide. In 2006, itelligence obtained gold-level status as an SAP channel partner as part of the SAP PartnerEdge™ program in Germany, and in the U.S. in 2007. The company's services in support of SAP solutions range from consulting and licensing to outsourcing and services to proprietary industry-specific SAP. In 2010, itelligence generated total sales of EUR 272.2 million. In July 2010, itelligence was awarded the "TOP CONSULTANT" quality seal.
