itelligence announces its best performer!

The best performer of itelligence AG's EBM program is NOWIS Nordwest-Informationssysteme GmbH & Co. KG

Hanover / Bielefeld, March 2, 2011 – itelligence is today presenting NOWIS Nordwest-Informationssysteme GmbH & Co. KG as the best performer of its SAP Extended Business Member (EBM) program. itelligence AG had already started its SAP Extended Business Member program at CeBIT 2010 and with it its new sales channel, the EBM network, in order to better serve the needs of smaller SMEs. The successful full-service IT provider, itelligence, is collaborating with partners in special regions and sectors for this purpose. This is proving to be a successful model.

"Thanks to our partnership with itelligence, we were, as an EBM, able to boost our sales and bundle our industry expertise with the extensive SAP expertise of itelligence. As a result, more "doors" are being opened for us and our customers when it comes to the deployment of SAP solutions. Even SMEs now have the full range of SAP solution technology at their disposal," commented Volker Paradies, Business Solutions Division Manager, NOWIS Nordwest-Informationssysteme GmbH & Co. KG.

The itelligence partner program is suitable for IT companies, which have extensive knowledge in special sectors as well as high SAP consultancy skills and which, in the future, using SAP solutions want to build up a new strategic business area or have a strong regional presence.
