itelligence AG with CeBIT premiere: SAP Business ByDesign – quicker, better, more typical SAP Business ByDesign with new starter packages and the itelligence system expansion for service providers

Hanover/ Bielefeld, March 1, 2011 – itelligence AG will be presenting trade fair highlights in the SAP Business ByDesign area at CeBIT 2011 in Hanover from March 1 to 5, 2011. You can find us in hall 4, stand C04, where we will be showcasing three predefined starter packages for CRM, ERP and service providers. In addition, the successful full-service IT provider will present a system expansion of SAP Business ByDesign. Developed in-house, this expansion offers the service sector, in particular, more flexibility. All presented packages and expansions are, in this connection, based on the latest release: SAP Business ByDesign FP 2.6.

SAP Business ByDesign CRM starter package

The itelligence CRM starter package for SAP Business ByDesign offers companies an on-demand solution enabling them to manage their entire sales process and gain new business. The CRM starter package can be implemented in around two weeks.

SAP Business ByDesign ERP starter package

The new, complete ERP starter package for SAP Business ByDesign features processes for Accounting, Bookkeeping and Purchasing. These features can be implemented in around six weeks.

SAP Business ByDesign package for service providers

The new SAP Business ByDesign package from itelligence AG for service providers offers applications for corporate management and project management. The focus here is on integrating the operational units. The starter package has been designed to be implemented in around six to eight weeks.

itelligence SAP Business ByDesign system expansion

itelligence will also present a system expansion of SAP Business ByDesign at CeBIT in Hanover for the first time. This expansion considerably expands the range of functions which SAP Business ByDesign can offer to meet the needs of service providers. Focus: Comprehensive, flexible capacity management, from the first sales opportunity through to ongoing projects across the entire process chain.

itelligence is one of the leading international full-service providers of solutions in support of SAP solutions, employing about 1,850 highly qualified employees in 19 countries and in five regions (America, Asia, Western Europe, Eastern Europe and Germany/Austria). As a frequently awarded SAP partner, among others global value-added reseller, itelligence realizes complex projects in the SAP solution-based environment for over 4,000 customers worldwide. In 2006, itelligence obtained gold-level status as an SAP channel partner as part of the SAP PartnerEdge™ program in Germany, and in the U.S. in 2007. The company's services in support of SAP solutions range from consulting and licensing to outsourcing and services to proprietary industry-specific SAP. In 2010, itelligence generated total sales of EUR 272.2 million (preliminary figures). In July 2010, itelligence was awarded the "TOP CONSULTANT" quality seal.
